Become A CWA Member.

CWA offers membership for organizations where workforce development issues are important to their work. Below are the three types of memberships we offer.

**Individual Membership: $350.00**
This membership is for an individual, regardless of their organizational affiliation. This membership level does not include discounts to CWA conferences or access to the CWA members only section of the website.

**CWA Affiliate Membership: $1550.00**
This membership is good for an organization at one specific location. For example, if your organization has three different locations/branches, each location would need their own CWA Affiliate Membership.

**CWA Affiliate Membership Deluxe: $4200.00**
This membership is good for an organization with multiple locations. For example, if your organization has three different locations/branches, each location would be a member under this membership.
